Mission Community Hospital

Compassionate Healthcare. Quality Healthcare.

TOGETHER, BUILDING A STRONGER AND HEALTHIER COMMUNITY

At Mission Community Hospital, providing medical care to save lives requires the support of our entire community. As a safety-net hospital for a growing number of families with overwhelming medical needs, Mission works collaboratively with a variety of agencies and community-based organizations to ensure every individual has access to a full range of medical, mental health and emergency care services. Our distinguished and compassionate team of doctors, nurses and support staff are more than health experts. They care about each patient, their loved ones and their personal needs.

TOUCHING, HEALING AND SAVING LIVES

Thanks to those who have already joined our fundraising efforts, the hospital Emergency Room was greatly enhanced and the expansion of cardiac-monitored beds is now complete. But meeting the ever-increasing demands of modern medicine is an ongoing process. It is only through the generous support of individuals willing to make a difference that Mission is able to touch, heal and save lives every day.
